### DON'T LIKE WET CLIMATE.

Iowa Man Thinks Umatilla County the Best in the Coast States.

Roy Briggs, who has cattle interests in Page county, Iowa, has just arrived, coming from the west, having taken a trip through California, Western Oregon and the Sound country.

"California is overdone badly for a man who only has a few thousand dollars. Western Oregon is altogether too damp, and the Sound country simply has an abominable climate. I have found but one district in the coast states that seems to compare favorably with what I can learn of Umatilla county, and that is the Upper Willamette valley, and the advantage then seems to be one of climate only, and industrial conditions in the Upper Willamette are very, very slow."

This is Mr. Briggs' synopsis of his impressions of the coast states. An old friend, Orow Miller, now a resident of Coeur d'Alene, will meet him here tomorrow, and he expects to look over the entire Palouse country before returning East, besides putting in a couple of weeks in this country after returning from the Coeur d'Alene.

They are en route to Bear valley, where Mr. Saylor receives a band of beef cattle today. These cattle will be driven to Mr. Saylor's Butter creek ranches and feed for the spring market.

pectations of those in charge. The display of goods of both beautiful and useful design is complete, and is attractively arranged.

Owing to the immense crowds of sightseers and especially children, the Sisters of St. Francis have decided to ask parents to accompany the children to the fair, and children not accompanied by parents will not be admitted tonight, because of the terrible crowd, and the danger of them being injured. An admission fee of 10 cents will also be charged at the door tonight, in order to prevent such a crowd of sightseers, who make it impossible to wait on customers. The public is invited to visit the fair. It will continue through the week.

### Peebler Was Discharged.

George D. Peebler, who was summoned to Portland on a bench warrant charging him with contempt of the United States court, was discharged and has returned home. When his hearing came in answer to the warrant, it transpired that his neglect to answer the summons of the court in the first instance was due to the summons being delayed in transit, it being sent by mail and not delivered by a personal representative of the court.

L. A. Vogel, the horseman, claims that there is a great scarcity of heavy horses, compared with the demand, which is continuous and unsatisfied. O. H. Holcomb, the Seattle buyer, was here a week trying in vain to get heavy horses to suit him, and only found one team. This team he bought of L. W. McAdam, paying therefor \$300, and they were not the grade nor weight of horse that he most wanted.

### COUNCIL HEARS COMPLAINT AGAINST CARPET CLEANER.

Attorney J. T. Hinkle Represents an Extremely Nervous Clientele Which Takes Exception to the Excruciating Noise and Penetrating Dust Produced by a Carpet Cleaning Plant—Council Is Petitioned to Remove the Alleged Nuisance—Little Business Transacted at Council Meeting.

Pendleton precinct does not object to noise if it is of the quiet kind; neither does it care much about dust, so long as it is the good old Umatilla county article, but the residents of that portion of the city are up in arms against a carpet cleaning establishment in their neighborhood. Last night Attorney J. T. Hinkle appeared before the city council and presented a petition signed by 20 residents of Pendleton precinct, praying that the alleged nuisance be abated.

In the course of its remarks concerning why the carpet cleaning plant should be abated, the petition reads: "It is extremely noisy and dusty; not such noise as would ordinarily be heard from running machinery, but an excruciating, nerve-racking, jerky, thumping, ceaseless and soul-damning noise; not dusty in the sense of good old-fashioned and honest Umatilla county dust, but subtle, penetrating, never settle, microbe-laden, death-dealing dust, pervading the atmosphere and carrying in its train all the terrors of a thousand plagues."

"The undersigned petitioners most humbly, earnestly and respectfully beg and pray of your honorable body that you will take immediate steps to abate this most grievous nuisance in the interests of womanhood, childhood, of Christianity and the sacred ties of home and family."

With a smile, the honorable council referred the petition to the street committee with power to act.

Chairman Dickson presided at last night's session of the city council with the full board present with the exception of Councilman Sewell. Little business of importance was transacted. The salary list for the month was submitted by the recorder and warrants were ordered drawn in payment of the amounts set down.

Liquor licenses were granted to John Schmidt and Tex Langiver.

### SWAUGER'S BUNDLES LOST.

North Fork Man Killed by Train Had Bought Four Pairs of Shoes.

One of the pathetic phases of the tragic story of the horrible death of Seymour Swauger, under the wheels of a train near Bingham Springs last Saturday, is the fact that while in the city Friday evening, before starting on his fatal trip home, he bought four pairs of shoes for his children, saying to a friend that it was getting pretty cold for bare feet on Meacham creek.

None of these bundles have yet been found and have probably been carried to the end of the road, in the car in which Swauger was riding. When last seen he had an arm full of bundles for the family, and so far as is known none of them have been located.

The aged mother of the unfortunate man is prostrated with the terrible accident. Just a little over a year ago her husband committed suicide at Kamela, and the tragic death of her eldest son, on whom she depended for advice and aid in handling her affairs, has left her entirely helpless.

### TO CLEAR TITLE.

James A. Baddeley Seeks to Have Court Clear Title to Well Known Farm.

To clear title to the property embraced in the old Baddeley-Hartman farm, near Weston, James A. Baddeley has brought suit in the state circuit court to compel the heirs of the late Mary E. Baddeley to relinquish their claims.

The complaint states that as a matter of convenience the plaintiff conveyed his property to Mary E. Baddeley without consideration, to be held during her lifetime. She died intestate several months ago, leaving three heirs, James F. Baddeley, Joseph C. Baddeley and Bertie B. Baddeley. James A. Fee represents the plaintiff.

### KEITH COMPANY PLAYS.

"Slaves of the Mines" at the Frazer Tonight.

"Captain Fresh, of U. S. A.," which is a dramatization of "Captain Impudence," was the pleasing bill at the Frazer last night. The play has to do with the Mexican war. Through it runs a thread of genuine comedy. The play itself is greatly overdrawn, as are most productions of a military order, but the comedy more than makes up for any discrepancies in the plot.

The Keith company contains several very clever actors. Del Lawrence, Miss Dorothy Fairfax, Lester Howard, Madeline Lawrence, are a few of them. The Keiths will be in Pendleton the remainder of the week.

Tonight, "Slaves of the Mines" will be presented. This is a play in four acts, and as a one-night stand performance, was played in most of the theaters in the Northwest last season.

### Cattle Are Depressed.

James Markham of Gurdine, is in town today. Mr. Markham states that conditions in that country are simply superb for livestock, but that the cattle prospects are not up to those of the sheep outlook. He and all the rest of the cattle men are dissatisfied with present prices, and hardly consider that it is an advantage to have cattle which are now all ready for the markets. On account of the great abundance of feed, the cattlemen would be better satisfied were their cattle all stockers, with a winter of feeding before them, and take their chances on prices in the spring.

### Rummage Sale.

In the art department, second floor of the Peoples Warehouse, there will be a rummage sale of stamped linens, pillow slips, battenburg patterns and braids, in fact everything in the art line at reduced prices, Friday and Saturday. Even if you do not want to buy, visit and see some of the exquisite work that Madam Shibley has turned out. It will repay you for your visit.

### Five Cossels From Missouri.

They will engage in farming and fruit raising, with the exception of one son, who is a blacksmith. The young Cossells will arrive some time during the winter.

### Driving in 600 Fat Cattle.

### Graybeal-Brownell.

Don Carlos H. Brownell, of Umatilla, and Miss Docia C. Graybeal, of Kamela, were married by Rev. W. L. Van Nuys. Mr. and Mrs. Brownell will make their home at Umatilla.

### Musical Tonight.

High class musical entertainment at the Christian church tonight.

The Hull fishermen assaulted by the Baltic fleet believe the admiral was drunk and maliciously fired upon the fishing boats.

It is just a common cold, people say, there's no danger in that. Admitting their statement, then there are uncommon colds, colds which are dangerous; for many a fatal sickness begins with a cold. If we could tell the common cold from the uncommon we could feel quite safe. But we can't. The uncommon variety is rarely recognized until it has fastened its hold on the lungs, and there are symptoms of consumption.

At the first symptoms the careful person will heed the warning by taking a mild laxative; some vegetable pill that will not disturb the system or cause griping. About the best is "Dr. Pierce's Pleasant Pellets." If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract, which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs and has a soothing effect upon the mucous membrane, always the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

It contains no alcohol to shiver up the blood corpuscles, but makes pure rich red blood.

Dr. Pierce's 300-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of a one-cent stamp to pay cost of mailing only. For 31 stamps the cloth-bound volume will be sent, 300 pages. It was formerly sold for \$1.00 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.
